

15 August 1956

MEMORANDUM FOR: Inspector General

SUBJECT: [REDACTED] Claim for Reimbursement

25X1A9a

Kirk:

We have been holding this memorandum and attached file to look further into the problem and possibly find some basis for relief for this individual.

The Comptroller's Office, SSA-ID/S and the General Counsel all assure me that many similar cases have been turned down in the past and that there is nothing in this case which makes it unusual enough to become an exception.

However, on 28 July 1956, P.L. 828 was signed by the President which gave the State Department authority to pay for certain expenses connected with illnesses, etc., of their dependents, including transportation, if required. Larry Houston feels that we can and should ask the Director to approve a policy adopting the same rights and privileges for our people, meanwhile continuing to press for legislation in this field.

However, we do not believe such a decision by the Director would be retroactive and cover this and similar cases. Larry is looking into this now, and is studying Department of State's P.L. 828 in this connection.

SIGNED

H. Gates Lloyd
